

## Humane Society runs Spay Day campaign

HINSDALE -- The Hinsdale Humane Society will honor February's Spay/Neuter Month in conjunction with the annual World Spay Day campaign by focusing on the plight of Pit Bulls.

HHS will offer vouchers to Pit Bull owners to use at participating veterinary clinics to have their dogs spayed or neutered at no charge. Vouchers are now being distributed from the shelter during regular business hours on a first-come, first-serve basis and will include a list of participating area veterinary clinics.

The pet owner will be responsible for scheduling the appointment to have the surgery performed during the months of February, March or April.
